

AP Human Geography Summer Assignment

What to do:

1. Read *The Hunger Games* by Suzanne Collins.
2. Write a half page paper that answers this question: “How do you think the Capital would justify the way they treated the districts?”
3. Get a poster board and create a map of Panem (the country that the Hunger Games takes place in). Be sure to label where the Cities and Districts are located.
4. Ensure that you label every element that you put on the map. Ensure that it has a title and a key.
5. Beside each district you need to put what they produce, make, or contribute to the capital. Also detail how rich or poor the district is.
6. Use color on the map, effort reflects grade.
