

WHAT IS A CAMPUS COMPACT?

A Campus Compact is an agreement that parents, students, and staff members develop together. It explains how parents, students, and teachers can work together to ensure all of our students achieve and succeed.

The compact is developed annually by parents, teachers, counselors, and administrators.

FOCUS AREA #1

Improve Instruction

As a campus, we will provide professional development opportunities to improve teachers' craft, create new learning, and deepen understanding of concepts.

As teachers, we will use small group instruction to improve reading and math skills. Teaching in small groups allows teachers to differentiate for various needs and learning styles of students.

As parents, we will make an effort to communicate with teachers and administrators so that we can reinforce classroom learning. We will attend reading and math night, parent conferences, and Open House as well as use the Peek at the Week to learn how to support our children at home.

FOCUS AREA

#2

Create a Safe Environment to Build Character

As a campus, we will provide monthly character lessons to teach and support all students. These character lessons will also promote a safe learning environment. We will hold monthly drills to create an environment of preparedness. We will incorporate a campus wide behavior system to celebrate positive behavior.

As teachers, we will encourage students to use good character traits learned from monthly character lessons. We will use TRIBE tickets to celebrate and encourage positive behavior. Through building character, we will create an atmosphere where students feel safe.

As parents, we will model respectful behavior and reinforce those same behaviors in our children. We will work to create a relationship with the teacher so children see us as a team. We will support the teachers by discussing our children's day with them.

FOCUS AREA

#3

Improve Family-School Communication

As a campus, we will use multiple means of communication and events to keep parents aware of school decisions and changes in curriculum.

As teachers, we will update websites, reply to emails promptly, and send weekly newsletters home that list important dates and current learning in the classroom.

As parents, we will commit to being present and involved in our children's education. We will attend conferences and school events that are offered. We will keep open lines of communication in order to provide feedback to teachers.
